OCULUS HD Disposable LenZ

For single-use on the ZEISS RESIGHT®

The perfect view in every case

- Approx. 130° wide angle field of view with outstanding resolution in the periphery
- HD clarity under high magnification reduces the need for a contact lens
- Excellent depth of field for better stereopsis
- Full-field clarity for decreased scleral depressing and panretinal laser
- No refocusing with transition between lenses
- Improved view during air/fluid exchanges

OCULUS® SURGICAL

HD Disposable LenZ

Wide field of view with high definition clarity

- Always ready, convenient blister pack design
- Minimizes risk of infection and cross-contamination
- Stands for increased O.R. efficiency and lower costs

Convenient and sterile blister package
