

DORO COBRA™ Flexible Rotary Arms

We are happy to announce the product launch of the **DORO COBRA™ Flexible Rotary Arms**. These will offer:

- Smooth and very precise movements.
- Stable after repositioning under tension.
- „Clicks“ on **DORO LUNA® Curve**. Easy to use and move to the desired direction.
- Provides 360° body rotation while mounted for extra flexibility in positioning.
- Thumb lock - no tool necessary.
- Minimized obstruction in the surgical field.
